A third generation clogger, I instruct and direct the East Country Hoedowners, a community clogging team comprised mostly of children and teens. I have an enduring love for this art form and have been actively involved for the past 28 years. My team travels throughout North Carolina performing and competing at fairs and festivals. Our emphasis is on **FUN** while promoting and preserving the traditional southern Appalachian clogging heritage through music selection, choreography and presentation. I am also a caller for family-oriented community and "fun" dances.

Instructing clogging is my passion. In addition to the team, I teach Recreational Clogging classes to ages 7 years through adult. Well-versed in many aspects of clogging, I conduct the following seminars:

- Building on the Basic: look amazing with 2 steps
- Big circle traditional figures and movements
- Line dances/Interactive Line/Traditional Line
- Running a successful children/young adult team
- ClogAmp computer music player-free program!
- Traditional clogging steps
- Buckdancing & Flatfootin'
- Mixers & fun dances
- Teaching Tiny Tots
- Duos & Duets/Couples Dances
